- F&A: Facilities and Administration
Discretionary Funds

• As defined in University Policy 601.8, a “discretionary” fund is an internal designation assigned to certain funds that originate from one of the following sources:

  (1) unrestricted, undesignated donations initially made to one of the University’s fundraising foundations;

  (2) donor-restricted gifts initially made to a University foundation or endowment earnings allowing discretionary spending; or

  (3) University-level income earned on certain non-General Fund sources.

• All discretionary purchases must have a University business purpose and follow University policies and procedures.
Transfers

• A transfer of an amount to another fund must follow the same restrictions established at initial fund set-up.

• Examples:
  – Cannot transfer Restricted funds to Unrestricted funds
  – Cannot transfer General Funds out of the General Fund
  – Cannot transfer expenses from one fund to another after the close of a fiscal year
New Enrollment Funding Model

• Enrollment Portion:
  – Calendar Year – Spring, Summer, Fall
  – Student credit hours – depend on the type of course registered

• Performance Portion:
  – Four Year Graduation Rate
  – Undergraduate Degree Efficiency
  – Student Debt at Graduation
  – Education & Related Expense per Degree
Capital Projects

Projects **under** $300,000

- Small construction, repair & renovation projects (non-appropriated) less than $300,000
- Considered “informal” projects
- Approval required by UNC Charlotte Board of Trustees (UNC Board of Governors approval not required)

Projects **over** $300,000

- Capital improvement projects with a total cost of greater than $300,000 follow the governance processes stated in UNC Policy 600.1.1
- Approval required by UNC Charlotte Board of Trustees, UNC System Office, and UNC System Board of Governors
- Projects that include the issuance of debt (“self-liquidating” projects) require additional approval steps
Procurement Process

- **Less than $25,000**
  - Small dollar purchases
  - Formal quotes not required (use 49erMart and state contracts)

- **$25,000 to $100,000**
  - Informal solicitation
  - Obtain at least three written quotes

- **Over $100,000**
  - Formal solicitation
  - Coordinated by Purchasing Office

- **Other considerations:**
  - Waiver of competition justification
  - Consulting arrangements
  - IT contracts
Endowments

Endowment = Corpus (principal) + Accumulated investment earnings

Held in perpetuity

Used partially for annual spending according to gift agreement

• Endowment generates annual spending to support scholarships and other uses specified by donors

• Three “members” in the investment pool:
  – University
  – Foundation of UNC Charlotte
  – Athletic Foundation of UNC Charlotte

• Investment management is fully outsourced

[Diagram showing broad asset categories as of 3/31/2022]
Other considerations

• June 30 fiscal year:
  – General fund budgets must be expended by the end of each fiscal year
    • A small percentage of appropriation is statutorily allowed to be “carried forward” to the subsequent fiscal year
  – Institutional trust fund balances roll-forward to the next fiscal year
  – Funds may not have deficit balances at the end of the fiscal year

• Department responsibility for funds:
  – Ensure financial resources for areas of responsibility are managed in a manner consistent with the intended purpose of the funds established for the department
  – Maintain processes and internal controls to provide effective stewardship of assets
Resources

• Financial Services and Budget Office websites:
  – Fund usage standards, manuals and guidance
  – “How to” reference guides
  – Other job aids

• Training and outreach:
  – Business officer updates (3-4 updates per year)
  – Topical training courses
  – Informal training and consultation
